ABOUT ME

Recent Computer Science Engineering graduate skilled in programming, algorithms, and software engineering. Good in databases. Strong problem-solving and innovation abilities. Practical experience through internships. Seeking entry-level roles to apply technical skills and contribute to innovative solutions in the technology sector.

EDUCATION

- **SSC**   - 76.80 %
- **HSC**   - 82.33 %
- **Bachelor of Engineering** in Computer Engineering   - Avg. CGPA –6.89/10
  Savitribai Phule Pune University   *- Pune , India*
  Pursuing (IV Year)   (July 2021 – 2025)

TECHNICAL SKILLS

- **Programming Languages:** Java
- **Web Development:** HTML, CSS, JavaScript, jQuery, React JS
- **Frameworks:** GitHub
- **Databases:** SQL
- **Industry Skills:** Data Structures and Algorithms

PROJECTS

- **Weather Forecasting Web App: | HTML, CSS, JavaScript, APIs**   June 2024
    - **Location-based Weather:** Users can input a location (city, zip code, etc.) and get real-time weather information.
    - **Current Conditions:** Provides current weather such as temperature, humidity, wind speed, and more.
    - **Responsive Design**: The app is designed to be responsive and work across various devices.
    - **Location-Based Weather:** Use the browser's geolocation API to automatically provide weather updates based on the user's current location.

- **Movie Browser Web App: | HTML, CSS, JavaScript, React JS, APIs**   July 2024
    - **Search Functionality:** Users can search for movies by entering keywords in the search bar. The application fetches and displays relevant movie results from an external API.
    - **Movie List Display:** The search results are displayed as a list of movie cards, each showing a movie poster, title and movie details button.
    - **Movie Details View**: Clicking on a movie card opens a detailed view of selected movie, displaying additional information such a the poster, movie name and the movie description.

INTERNSHIP

Codsoft Technologies private limited: December 2023 – January 2024

Successfully Completed internship program in Web Development with wonderful remarks at Codsoft. Collaborated on real-world projects, improving coding skills and understanding of web development best practices. Demonstrated strong problem-solving abilities and a keen attention to detail in delivering high-quality work within deadlines.

CERTIFICATIONS & ACHIEVEMENTS

Java and Data Structures :

Certified Java programmer with foundational skills, eager to apply knowledge in developing robust software solutions and contributing effectively to projects.
